

Program note:

Keith Jarrett has been on my list of geniuses for decades!!! I love his trio playing all the great jazz standards, but what I really love are the recordings of his solo piano work: the monumental six-CD box set, Sun Bear Concerts; the phenomenal clavichord set, Book of Ways; and the solo work in the Bremen/Lausanne set!!!

So, when Irina Muresanu of the Boston Trio told me she would love it if I wrote a new piano trio for her group, I immediately thought that a Keith Jarrett tribute would be an inspiring idea.

Piano Trio No. 3 ... Keith Jarrett is in five movements, or Testaments.

Testament 1 ... Moderato

Testament 2 ... Adagio

Testament 3 ... Aggressively!!!

Testament 4 ... Largo

Testament 5a ... Allegro

Testament 5b ... Moderato

Enjoy!!!
