Overture

Cue (Film):

For over 70 years miners of Durham County have come together once a year for their demonstration and gala day. This was the first Durham rally since the pits were handed over to the people. This year one of the popular attractions was Mr Herman Morrison who spoke of the link of solidarity between miners and other workers. "I want you men of the pits to come through. I want this great scheme of nationalisation to succeed triumphantly. The whole country is watching to see how this great new organisation, this new adventure, this new experiment comes out. The great experiment of socialism in a democracy depends on you. The whole future we are trying to build up in our country is for all our people and all our children and it depends on you."
