The pieces listed above are just a selection of those on the syllabus that you can choose from. The full list of options are listed on page 2.

Whether you are taking an ABRSM Practical or Performance Grade, pieces are at the heart of the syllabus. Playing an instrument is all about exploring, performing, and learning through repertoire.

While this book contains nine pieces in a range of styles, the full syllabus has a wealth of pieces that we encourage you to explore - to find pieces that really inspire you, that you connect with, that you learn from, and that will allow you to perform to your very best. You can pick a mixture of pieces from the wider lists if you like - you just need to have one piece from each list, A, B and C.
