HELLO, GOODBYE	168				
HELP!	109				

INTRODUCTION

You've all heard of Lennon and McCartney, the songwriting duo, but what about Lennon and Harrison — the guitar duo? Well, that's what you are going to discover in *THE BEATLES* guitar book.

This book is a special work containing a selection of Beatles' tunes arranged exclusively for the guitar. It is designed to provide an accurate look into the lead and rhythm guitar styles of George Harrison and John Lennon.

Although the arrangements in this book are written to embody the essence and style of the guitar works of Lennon and Harrison, the arrangement is not just a transcription of the guitars right off the record. Rather, it uses all of the musical elements: bass, drums, keyboards and guitars, just as the Beatles used them, but all incorporated into one guitar so that you can play the arrangement alone or in a band.
